

Why Partner with ProTrain?

Founded in 2004, ProTrain offers quality classroom and online training. We provide a CE-Turnkey Solution and partnership opportunities for institutions of higher learning to provide various programs such as Military Tuition Assistance (TA), Military Spouses (MyCAA), Wounded Warriors, Veterans, Unemployed (WIA), Corporate and Individuals. ProTrain is an affordable solution for students seeking to prepare for an in-demand career that will help move them and America forward to achieve the goal of “Education 2 Employment”. Our competency based education is definitely geared for Labor Market Relevance!

ProTrain provides training programs and certifications that meet national, regional, and local requirements that lead to employment. Our training subject matter experts have worked in the field and understand what is needed to perform and be promoted in the workplace today. The ProTrain courses provide online experiences that include videos, slides, wiki chats and virtual office hours. Many courses include supplies and books that are shipped to the student’s home.

Personal Training Assessment Managers will work with you throughout the entire process before, during and after to assist with the student’s program of study. At ProTrain, we realize that learning is a commitment that we are all making to have a better future. Our clients’ needs (partners and students) are paramount. We are committed to your success and ours, one student at a time.

- **ProTrain’s new “Education 2 Employment”** course developments can assist your school to serve more students and improve your revenue in the near future.
- **ProTrain’s new Partnership with Gradcast.com adds the following benefits for your school and students:**

For the student... A completion gift consisting of a free resume distribution for up to 100 potential employers that historically hire candidates with the skills they have just been trained in through ProTrain, for any location in the United States. *(the current proprietary database has over 650,00 employers in 34 different fields of study)*

Lifetime access to potential employers as long as they are still working in that certain career field.

For the School... An automated system that reports their post-graduate employment data back to ProTrain for 180 days. This outcome and success data will be available to the school for students who are enrolled in a ProTrain Program.

- **ProTrain has provided in-classroom instruction for allied health, information technology, and business and management programs** that helps reduce School expenses which saves costs for curriculum development, supply costs, as well as reducing internal coordination time (man-hours) for the school partners. Sample in classroom courses include: A+, Net +, Security +, MCSA/MCSE, CCNA, Project Management certification, Phlebotomy, Clinical Medical Assistant, Pharmacy Tech, Medical Billing & Coding, Vet Assistant, Culinary Cook course with ServSafe certification, National Retail certification, among others.
- **ProTrain has the ability to assist partner with satellite classroom space.**
- **Tuition Flex Loan Program** assists non-credit students with loans for both online and in-classroom courses – simple process which is all done on line with no school action required. (Value Added Benefit)
- **ProTrain is a Military Spouse Employment Program (MSEP)** partner since 2011 – a Department of Defense (DOD) Program approval. “We hire from those we serve”.
- **SUMMARY:** This list above demonstrates the many “Value Added Benefits” and shows that we are fervent, cooperative, and dedicated to helping your students while helping increase your CE Revenue. ProTrain has a consistent history of offering learning solutions that focus on a positive business value for all partners and their needs. We want to create a long term relationship built on responsibility and a profound comprehension of both of our business goals.
