

# The True Value in Being Certified

## Medical Certification Provides....

|                 |                |
|-----------------|----------------|
| Credibility     | Accomplishment |
| Knowledge       | Marketability  |
| Professionalism | Respect        |
| Recognition     | Validation     |

## Certification Provides CTE Students with:

- Workforce credential to get a job right out of high school
- Add value and strength to your college application
- Provide portability for your skill set in all 50 states
- Provides a clear insight into ones level of seriousness to the healthcare industry

*"According to the Bureau of Labor and Statistics, the healthcare field continues to represent the fastest growing segment of our nation's economy."* The American Medical Certification Association is recognized nationally in all 50 states.

## Certification:

AMCA certifications are valid for a 2 year period.

## Certification Qualification:

CTE students can take the test after completion of their classroom hours  
This means they can take the AMCA national certification exam  
prior to their 18th birthday and graduating high school
