

Nursing Assistant Certification (NAC) Certification Program Outline

Certification Information

A Nursing Assistant Certification (NAC) allows candidates to participate in a variety of healthcare settings. A Nursing Assistant’s responsibilities may include, but are not limited to the following:

- Clean and bathe patients or residents
- Help patients use the toilet and dress
- Turn, reposition, and transfer patients between beds and wheelchairs
- Listen to and record patients’ health concerns and report that information to nurses
- Measure patients’ vital signs, such as blood pressure and temperature
- Serve meals and help patients eat
- Recognizing the need for continuing education and staying current in healthcare mandates
