| Total: | 100% | 200* |

* This number indicates the number of scored items on the certification exam. All AMCA certification exams are subject to pilot testing, meaning that there could be additional unscored items on the exam. The scored items will be from a current operational form of our exam. The unscored items will be new items that data is being collected on. The unscored items will not have any effect on the candidate's score and/or their pass/fail decision.
